MR. GERIGA SUNDAY DRAGO
Mobile: +211(0)926010272
Jebel Yesua Block '5' Residential area, Juba- South Sudan
E-mail: sundaydrago120@gmail.com

PERSONAL DETAILS: Nationality: South Sudanese

CAREER OBJECTIVE: To contribute to the Lutheran World Federation's education and child-protection programmes by applying my Software Engineering background and practical skills in data management, data validation, database administration, analysis, reporting, and ICT support. I aim to support accurate, timely, and secure programme information, strengthen data quality and reporting systems, and provide reliable information to support evidence-based decision-making, while upholding confidentiality and child-safeguarding principles.

PROFESSIONAL SUMMARY

Software Engineering graduate with practical internship experience in database management, data validation and quality assurance, reporting dashboards, system backups, ICT support, and troubleshooting. Skilled in collecting, cleaning, organizing, and analysing operational data, maintaining data integrity, and presenting information to support management decisions. Interested in applying these skills to programme monitoring, reporting, and information management in humanitarian and development settings. Committed to confidentiality, accuracy, teamwork, and continuous learning.

EDUCATION BACKGROUND:

2022-2025 – Bachelor's Degree in Software Engineering from Makerere University
2019-2021 – Uganda Advanced Certificate for Education (UACE) from Our Lady of Africa SS Mukono
2015-20[1]8 – Uganda Certificate for Education (UCE) from St.Peter's SS Naalya
2007 -2014 – Primary Leaving Examination from Kiddawalime Preparatory School Namungoona

OTHER CERTIFICATIONS / TRAININGS

Certification	Institution	Completed Year
Networking, Linux and System Administration	Stratcom IT Solutions Company Limited	2024
Web and Mobile Development	PoWell Pay Limited	2023
Computer Repair and Maintenance	Stratcom IT Solutions Company Limited	2021

KEY AREAS:

- Data entry, cleaning, validation and quality assurance (QA/QC)
- Database design, maintenance and data integrity: MySQL, PostgreSQL, SQLite
- Data analysis and reporting: Python, R, Excel, Matplotlib
- Data visualisation and dashboard development; Power BI concepts
- System monitoring, data backups, access/security practices
- ICT equipment troubleshooting, preventive maintenance and end-user support
- Windows and Linux system installation, configuration and administration
- Documentation, analytical summaries, stakeholder communication and teamwork

WORK EXPERIENCE

1. IT Support & Systems Administrator Intern Stratcom IT Solutions Company Limited | 2024

- Configured and troubleshot LAN/WAN networks, routers and switches, and supported reliable ICT operations.
- Installed and administered Linux servers, managed user accounts and supported system security.
- Monitored systems, performed backups and server maintenance, and helped protect data availability.
- Maintained databases and operational data systems, focusing on integrity, security and optimisation.
- Conducted data validation and quality assurance; collected and cleaned primary and secondary data for reporting dashboards.
- Tracked system-related initiatives and prepared analytical summaries for management.

Web and Mobile Development Intern | PoWell Pay Limited | 2023

- Developed database-driven applications and tools supporting data collection and reporting.
- Built dashboards and visual outputs to communicate trends and support decision-making.
- Worked with MySQL/PostgreSQL, JavaScript, Next.js, Vue.js and Django; assisted with API integration.

3. Computer Repair and Maintenance Intern | Stratcom IT Solutions Company Limited | 2021

- Diagnosed hardware and software faults affecting computers and peripherals.
- Installed operating systems, removed viruses and performed preventive maintenance.
- Provided technical support and basic end-user training.

KEY STRENGTHS

- Hardware & Software Troubleshooting: Skilled in diagnosing and resolving hardware and software issues to ensure optimal system performance.
- System Administration: Experienced in Windows and Linux administration, including system setup, security, and maintenance.
- Web Design & Development: Proficient in building responsive websites using HTML, CSS, WordPress, http://Next.js, http://Vue.js, Django, and Laravel.
- Database Management: Knowledgeable in designing and managing databases (MySQL, PostgreSQL, SQLite) with focus on data integrity, optimization, and security.
- Team Collaboration: Strong team player who values unity and promotes a collaborative work environment to achieve common goals.
